(By CHARLES J. ARNOLD)

INJUNCTION HALTS CLOSING COLLEGE

Yesterday morning, when I went into a local drug store, the proprietor was waiting upon a young man, who was buying a "Mother's Day" box of candy, evidently for his mother. After the customer had been waited upon I inquired of the proprietor: "Have you anything for ants." He looked puzzled for a minute and then answered: "Well, any of these boxes of candy would be nice for an aunt as well as a mother." And it was some time before I could get him straightened out.

A TIP—by ANN X. PERT

Although the situation concerning the Kentucky Derby, to be run in Louisville next Saturday, is quite perplexing, I cannot refrain from giving you, my readers, my inside information on the race conditions, so that if you desire to invest your money in a mutual ticket, you may act upon information coming from a reliable source. I have followed the Kentucky Derby for years and am well qualified to advise you on how to bet. Here is my tip. If there is a horse in the race by the name of "Remorse," that is the one to bet on. At least remorse has been outstanding after every Derby I ever saw run.

I have gone away, gentle readers. For a long week-end stay, gentle readers.

To the Races, I've went. Soon my money'll be spent. I'll come back without a cent, gentle readers.

WEDEKING INDICTED

JASPER, Ind., May 13.—(INS)—Albert J. Wedeking of Dale, Ind., chairman of the Indiana Highway Commission and former instructor at the University of Nebraska, and Gilbert Landrebe, a Huntingburg, Ind., banker, were indicted by the Dubois County grand jury here on April 19th on charges of violating the Indiana warehouse act if it was learned here today when it became known that Sheriff Joseph Kordes had warrants for the arrests of the two men.

The true bill against the two men was said to have been received in connection with the reversion of the Wallace Milling Company of Huntingburg, Ind., the failure of which was blamed for the closing of the Farmers & Merchants Bank of Dale, Ind., a \$130,000 institution, and of the Huntingburg, Ind., State Bank a \$500,000 institution.

Prosecutor Stanley Krieg of the Dubois-Pike joint circuit, whose home is at Petersburg, Ind., said today that bond for the two men would be fixed at \$500 each.

Inspection of the statutes showed that there are two warehouse acts. One was passed in 1879 and the other in 1921. The penalties range from a \$50 fine and one year in the county jail to a \$5,000 fine and five years imprisonment in the state penitentiary.

The joint Dubois-Wike circuit is presided over by Judge Homer Traylor.

The Dale bank closed its doors on Nov. 19, 1928. The Huntingburg bank suspended operations on February 21, 1929. Both banks now are in receivership.

State Banking Commissioner Luther F. Symons has indicated that there may be loss to depositors in both banks.

STOWAWAY ON ZEPPELIN IS KICKED OFF SHIP

GIANT GERMAN DIRIGIBLE WILL CARRY 59 PERSONS ON RETURN TRIP TO AMERICA WEDNESDAY

KNOW NOTHING OF SALE

Dr. Hugo Eckener Will Probably Select Southern Route For Flight —To Carry Gorilla For Chicago Zoo

FRIEDRICHSHAFEN, Germany, May 13.—(INS)—A young stowaway who had hoped to be a "passenger" on the Graf Zeppelin on its forthcoming trip to the United States, was discovered in the crew's quarters today. He was ordered to "make himself scarce," and Dr. Hugo Eckener head of the Zeppelin Works, declared that any further stowaways found on the ship would be prosecuted.

When the Giantess departs for Lakehurst, N. J., on Wednesday morning she will carry 59 persons, including passengers and crew.

A female gorilla named "Missi," consigned to the Chicago zoo, will be carried on the airship. To "Missi" will fall the honor of being the first Gorilla ever to take a ride on an airship. She seemed more interested in her food rations today than anything else.

Dr. Eckener announced that he will probably avoid the short northern route over England, on account of bad weather. He probably will choose the southern route either over Bordeaux, the Azores and Bermuda or above Gibraltar, Madeira and Bermuda. It is even possible that Dr. Eckener may take a more southerly course although the distance would be twice that of the northern route.

"We know nothing about any plans to sell the Graf Zeppelin to America," Captain Lehmann, first officer of the Graf, told International News Service.

Captain Lehmann denied any intention of landing in England on the return trip of the dirigible to America and the Orient. He explained that British permission for a landing had been requested merely as a formality in case it was necessary for the airship to make a landing in that region.

JEALOUS MAN SHOOT RIVAL

MUNCIE, Ind., May 13.—(INS)—Clifford Duffy, 22, was in a serious condition in a local hospital today with bullet wounds in the chest, stomach and thigh and William Warfel, of Dayton, Ohio, was in jail as the result of a jealous flareup over a girl which ended in gun play according to police.

Warfel was jealous of Mrs. Charlotte Delong, 20, police said. After shooting Duffy the enraged admirer also fired at Mrs. DeLong but failed to hit her police stated.

"I am going to kill a couple of rats," Warfel was alleged to have shouted as he opened fire.

The shooting followed when Duffy tried to shame Warfel for threatening Mrs. DeLong who had refused to accompany Warfel back to Dayton. Warfel had been courting the girl and she told him upon his latest visit that she was not "keeping company with Duffy."

"You will either take this trip with me to Dayton or you will take another trip," Warfel declared and when Duffy interfered he whipped out a gun and commenced shooting.

Warfel told police he began shooting when he saw Duffy put his arms around Charlotte.

The City School Board will meet in regular session tonight. It is said that several new teachers may be hired tonight to replace four who are resigning, effective with the close of the present school year.

BANK SPONSORS CORN PROJECTS IN PUTNAM CO.

MUCH REAL BENEFIT EXPECTED TO BE DERIVED FROM DATA OBTAINED THROUGH PROJECTS

IS VALUABLE TO FARMERS

Trust Company Furnishing Free Certified Seed to Junior Classes—Service Given Without Charge

Putnam County farmers are fortunate in having local financial institutions interested in their welfare. The First National Bank aids Putnam County in unusual ways and at the present time is sponsoring corn projects in both adult and junior classes, offering real prizes and giving real cooperation to both the County Agent and to the farmers themselves.

Much real benefit can be obtained from these corn projects as records are kept by all farmers who are entered and at the close of the contest these records can be compared and the most efficient records of corn production can be determined from them. The First National Bank is thus obtaining the same results and data that is regularly obtained by the Purdue Experiment Farms and it is more valuable to Putnam County farmers than the regular Purdue experiments in that it will give the result of actual corn production on Putnam County farms, rather than on farms in some other section of the state where the conditions may not be the same as on our own farms.

A few of the things that this project will accomplish are: determine the average production per acre in Putnam County, the cost of production per bushel in the county, the methods that are used in producing the highest yield as well as the most economical, the analysis of fertilizer that gives best results and other similar facts.

Every farmer who enters the contest will have the yield of five acres of corn checked free of charge, which should be more than enough to induce him to enter even though he does not entertain hopes of winning a prize as this service alone will give farmers actual knowledge of what their ground is producing rather than the hazardous guess that most farmers make. An accurate check will add much to efficient operation of the individual farm.

The Citizens Trust Company is going even further in the Junior classes and is furnishing free certified Purdue tested seed to any boy who will plant one acre of corn. This will give every boy a real opportunity to make his project doubly profitable in that he should have quite a lot of high quality corn which may be sold at a premium for seed. Any boy who is interested can obtain full information from the County Agent or the Trust Company.

Every progressive farmer in Putnam County should get into this contest as the more in, the more valuable the information obtained. More than that they should get behind the First National Bank and show they really appreciate this unusual and valuable service that it is rendering. It should be very gratifying to farmers to know that this institution is willing to give this service without charge to aid Putnam County's prosperity.

MANY VISIT CO. HOSPITAL

More than a hundred people called at the Putnam County Hospital Sunday afternoon between the hours of 2 and 4 o'clock and inspected the institution in observance of National Hospital Day. Several beautiful flower bouquets were sent by friends and were used to decorate the hospital.

POLITICAL GRUDGE LEADS TO SUICIDE

FARMER WRITES SEVEN-PAGE LETTER OF EXPLANATION TO NEWSPAPERS AND ENDS LIFE—QUARREL STARTED OVER SMITH-HOOVER RACE

NEW ALBANY, Ind., May 13.—(INS)—After nursing a grudge since November 6th because his wife voted for Al Smith instead of Herbert Hoover, which political difference led to the filing of a divorce suit by the wife John Schneider 62, wrote a seven page letter of explanation to the newspapers, fired every building on his farm seven miles northwest of here and with a big Bible in his hand swallowed poison in a grove near the burning homestead.

Neighbors attracted by the fire discovered Schneider in the woods and rushed him to St. Edward's hospital where he died.

Schneider's farewell note to the newspapers explained that the political dispute with his wife has never been patched up and that his wife finally sued him for divorce. She asked for \$1,000 alimony.

Explaining why he fired all the buildings, which were destroyed, Schneider had written:

"She won't have a roof to live under and she won't get my money. She can have the ground that is full of rocks."

STUDENTS PLAN TO FOLLOW UP OUSTER FIGHT

EGGS AND ROCKS FLY IN CONTROVERSY AT DES MOINES UNIVERSITY WHICH PROMISES SENSATIONAL DEVELOPMENTS

TRUSTEES' HEAD FLEES

Fight Promises to Provoke Fundamentalist-Modernist Controversy Rivaling Tennessee Monkey Trial

DES MOINES, May 13.—(INS)—The state of Iowa today demanded that Des Moines University reopen its doors. After being closed as result of a modernist-fundamentalist fight.

A temporary injunction restraining Dr. John S. Wayman, president, from carrying out the mandate of Dr. T. T. Shields, chairman of the Board of Directors in keeping the institution closed indefinitely, was issued by Judge Frank S. Shankland in district court.

A court attaché left immediately to serve the writ.

DES MOINES, Ia., May 13.—(INS)—Des Moines University students today planned to follow their "egg and rock" riot with an injunction suit which promises to provoke a Fundamentalist-Modernist controversy rivaling the Dayton, Tenn., "monkey trial." They were determined to go to court, spokesmen said, if, when they appeared at the university at the regular opening hour, the classrooms doors were not thrown open to them.

Meanwhile Dr. T. T. Shields, chairman of the institution's board of trustees and leading fundamentalist warrior in the Baptist church, who with other board members, fled to Des Moines under police escort, arrived in Toronto, Canada, proclaiming the riot "nothing but a modernist conspiracy," students said they contemplated spiriting Miss Edith Rehman his secretary over the border into her native Canada today unless she voluntarily quitted the university and the United States.

A wrecked business office, with furniture demolished, records strewn about heavy glass windows shattered and walls dented with missiles and splattered with eggs bore evidence today of the student's wrath.

Resentment of the students over the failure of the trustees to take action on charges that Dr. Shields and Miss Rehman had been registered in the same hotels of various cities of the United States, flamed when reports were circulated that Miss Rehman Saturday forbade the raising of the American flag before the administration building. The demonstration followed.

Originally the fight arose over Dr. Shields' fundamentalist doctrines in which he had been upheld by the board. Feeling accentuated by the fact that Dr. Shields and Miss Rehman are British subjects, they are president and secretary respectively of the Baptist Bible union of North America and as such have been in more or less contact with other wings of the Baptist church, which controls the university.

Leaders in the student agitation against Miss Rehman are E. D. Gibson, South Point, Ohio, and Keith Kernahan of Des Moines.

Following adoption of resolutions by the Board of exonerating Dr. Shields and Miss Rehman, president John S. Wayman, and the faculty of forty were dismissed by order of Dr. Shields.

The more serious charges against Dr. Shields and Miss Rehman, which included interference of the latter in faculty affairs, were contained in a campus publication entitled "The Tiger's Claw."

Physical examinations of the pupils of the Second Ward was conducted Monday by the county nurse, Mrs. Paul Ream and Dr. W. M. McGaughey.

PEACH CROP LOOKS GOOD SAYS EXPERT

CROP OF 30,000 BUSHELS FORECAST BY J. B. CURRY—FIRST SUMMER SPRAY DUE AT PRESENT TIME—OTHER FRUITS SPOTTED

A crop of 30,000 bushels of peaches is forecast in Putnam County this year, according to J. B. Curry, Indiana State Farm horticulturist, who has made a survey of the county. Prospects at the present time are for a bumper crop of peaches, according to Curry.

At the same time Mr. Curry warned orchardists that now was the opportune time for the first summer spraying to prevent brown rot and scab.

The apple crop this year does not look so favorable, according to Mr. Curry, due to poor pollinization. Prospects are still good for a fair crop, however, he said.

Cherries are spotted, he said, some sections of the county having suffered frost damage, while other sections escaped the frost. Strawberries look good, he said.

EUROPE'S CHAMP DRIVERS TO VIE FOR HONORS AT RACE

INDIANAPOLIS, May 13.—An annual European Grand Prix will be a race within the race at the Seventeenth Annual running of the International 500-mile automobile contest at the Indianapolis Motor Speedway May 30.

Europe's champion driver and his outstanding rival are entered. Europe's champion car and its most persistent mechanical foe are in the competition.

Louis Chiron, a Frenchman and champion of France, Italy, Spain—in fact all Europe—in 1928 is here, with the French DeLage which speeded its way to a championship of Europe along with Chiron last year.

Gianfranco Comotti, Italian, Chiron's youthful rival, will be at the wheel of a French built Talbot, designed by an Italian engineer, Bertarioni. It was the Talbot that DeLage had to dethrone to become the leading race concoction of all Europe.

Hence the dog fight of the European racing hordes in the International contest over the bricks of the historic Indianapolis two and one half mile course. For European speed fans, the International aspect of the Indianapolis classic pales into naught. They will be watching the duel of their outstanding speeders and cars on a neutral track. Whether or not Chiron or Comotti can defeat the American speeders is a minor issue. The burning question is which of these drivers can finish ahead of the other.

In all of the International competition on the Indianapolis track, this is the first time that such a situation has arisen. Usually Europe sends her teams to America with the sole idea of lifting the speed laurels from the American drivers. The foreigners themselves, no matter what their nationality, combine with a unity of effort to accomplish this aim.

But this year the plan of the Talbots and DeLages appears to be to defeat each other first and the Yankees afterward. It is almost assured that both Comotti and Chiron will attempt to leap to the front at the very start of the race, hoping that in leading the other they will be able to keep ahead of the American drivers.

DERBY FANS START TREK

LOUISVILLE, Ky., May 13.—(INS)—Opening of derby week today saw an imposing and colorful advance guard trooping in for America's premier turf classic Saturday on the famed Churchill Downs course.

The steady stream of arrivals already was taxing housing facilities and it appeared that by Friday latecomers would have to be accommodated in adjacent towns, even so far distant as French Lick and West Baden, which are not even in Kentucky.

It seemed certain today that, barring accident, these ten horses would answer the call next Saturday: Blue Larkspur, The Choctaw, Karl Eitel, Chicotte, Clyde Van Lusen, Windy City, Minotaur, Ervast, Voltair and Nalshapur.

Blue Larkspur is present Derby favorite.

DEPAUW WINS CUPS, MEDALS

In the Little State track and field meet at Rose Field in Terre Haute Saturday the DePauw team won the major share of awards. DePauw won the two beautiful loving cups given to the winner of the meet and the winning mile relay team. Ramsey of DePauw won the gold medal given to the high point man of the meet by annexing 11 1/4 points, while other medals were won by individual DePauw athletes who placed one, second, third and fourth.

Hangs Up First One

For the first time since August, 1926, a no hit, no-run game was pitched in the National League when Carl Hubbell, youthful Giant hurler, turned the Pirates back without a hit or run. His game would have been perfect except for Adams of the Pittsburghers who walked once and was safe on an error.

DEPAUW TRACK STAR INJURED

"Freddy" Axtell, diminutive DePauw half-miler, will be lost to the Old Gold team in the big state track meet at Bloomington next Saturday, as a result of an injury suffered in the "Little State" event at Terre Haute Saturday.

Axtell was caught in a jam in the half-mile event Saturday and badly spiked. An artery was severed in his ankle and a hard time was experienced in staunching the flow of blood. He was taken to a hospital in an ambulance and the injury attended.

It was said quick work on the part of officials and runners who were not competing at that time, probably saved Axtell's life.

Axtell was one of DePauw's best half-milers and a member of the two-mile relay team. His loss will be keenly felt by the Tigers in the meet next Saturday.

DEPAUW ENTERS BIG MEET AT BLOOMINGTON

ELEVEN COLLEGES AND UNIVERSITIES TO BE REPRESENTED AT EVENTS AT INDIANA UNIVERSITY SATURDAY—METHODISTS PLACED FOURTH LAST YEAR

BLOOMINGTON, Ind., May 13.—The biggest track event in Hoosierdom will be held here in memorial stadium Saturday afternoon when teams representing 11 state colleges and universities compete for the track and field championships of Indiana. Z. G. Clevenger, director of athletics, announced that the following schools have entered: Indiana, Purdue, Notre Dame, DePauw, Butler, Earlham, Indiana State Teachers' College, Ball Teachers' College, Rose Poly Tech, Manchester, and Normal College of the N. A. G. U.

Notre Dame, which has carried away first place more times than any other school, is a strong favorite again this year along with Indiana university and Purdue university. DePauw is the most outstanding of the other schools.

Last year Notre Dame won the meet with a total score of 36 1/2. Indiana and Purdue were second and third with 35 1/3 and 34 1/4 points respectively. The other schools finished in the following order: DePauw, 28 1/3; Indiana Central, 10; Ball Teachers' College 7; Oakland City, 5; Manchester, 4; Earlham, 3; Rose Poly, 1; Butler, 1. Central Normal and Indiana State Teachers' College failed to place.

Clevenger announced the official starter for the meet as Major John L. Griffith, Big Ten commissioner of athletics.

TUTTLE WINS A SECOND PLACE

Tuttle, mile runner of Greencastle high school, placed his school in fifth place in the district track and field meet held at Montezuma last Saturday, and also won the right to enter the state meet at Tech Field in Indianapolis next Saturday, by winning second place in the mile run in the district event.

Wooley of Wiley high school won the mile run in the record time of 4:24.3 but his time was disallowed because the track was said to be too short and the distance not a regulation mile.

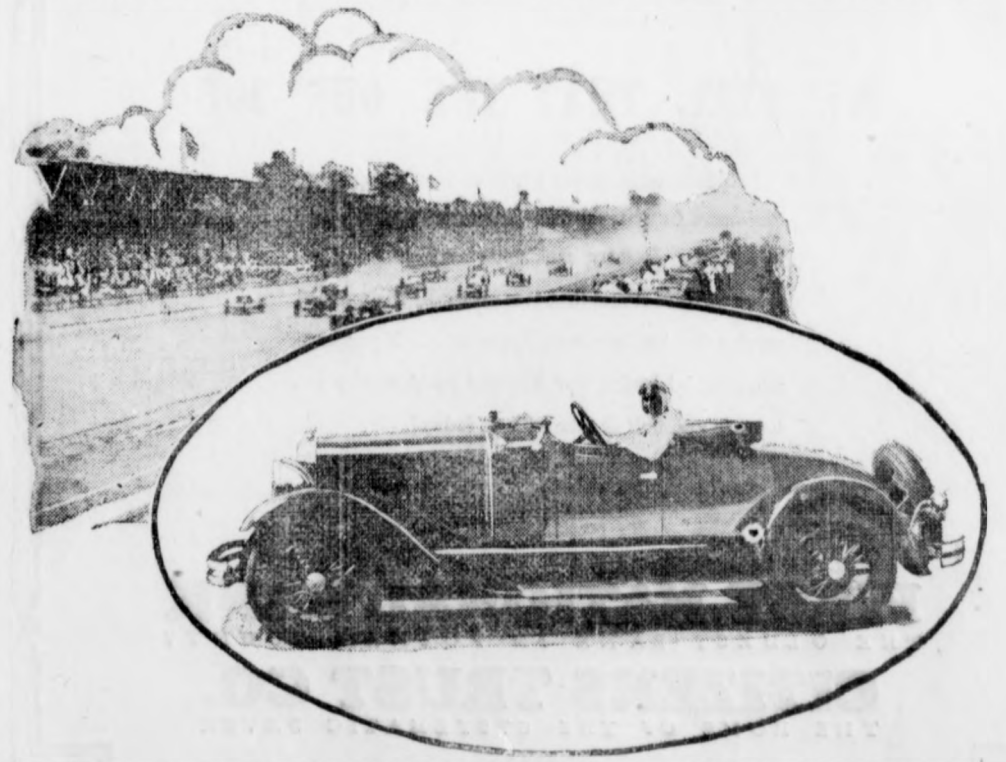

Wiley placed first in the meet with 47 1/2 points; Brazil was second with 24 points; Garfield, third with 16 points; Newport made 4 points; Greencastle 3; Attica, 2; Covington, 1 1/2 and Crawfordsville, 1.

Tuttle ran a great race in the mile run passing Wooley at the half-mile post but was crowded out in the sprint.

DEPAUW TO MEET INDIANA STATE HERE TUESDAY

Considerable interest is attached to DePauw's baseball game with Indiana State Normal here Tuesday afternoon. In a previous contest the game went 10 innings and ended in a 4 to 4 deadlock. The Methodists, however, are determined to come out on the long end of the score on their home field.

They're Off—Start of Indianapolis Grand Prix

One of the most thrilling spectacles in sports is the start of the 500-mile Memorial Day race at Indianapolis Speedway. This year, Studebaker's President Roadster will place the field to tiny cars around the 2 1/2 mile track in what is expected to be the fastest race ever staged on a big speed oval. The President Eight was selected because of its outstanding position in the stock car field. It holds 11 world records and 115 American records, including the greatest record in history—30,000 miles in 26,326 consecutive minutes. At the wheel of The President illustrated above is Ralph Hepburn, veteran race pilot, who will be seen at Indianapolis this year burning up the bricks as a member of the Dury team.

OBITUARY

On the beautiful Easter morning of 1929, just after dawn, the loving spirit of our earthly father, William Henry Swinford floated silently into eternity. In perfect accord with the life he lived not a struggle nor sigh broke the wave that bore him to the great beyond.

William Henry, the second son of Darius and Susan Swinford, was born in Putnam County, Ind., Sept. 10, 1863 in sight of his late home, and departed this life March 31, 1929 age 65 years, 6 mo. and 21 days.

He attended the first school taught in the Fern School house built fifty-two years ago, on his father's farm. Thirty-seven years later his oldest daughter taught in the same building.

In the fall of '78 his father moved to Kansas where he spent the remainder of his boyhood.

He returned to Indiana and on Feb. 19, 1893 was united in marriage to Louisa Frazier. To this union were born six children: Mrs. Ruth Shinn, Mrs. Hazel Cox, Mrs. Edna Gardner, Lucy who broke the family circle Jan. 22, 1919, Mrs. Stella Cox, and Josephine at home.

He was a very patient, kind and considerate father. He was of a very quiet, unassuming disposition, strictly honest, and no gossip ever crossed his lips. He never united with any church, but was of a very conscientious nature. He portrayed his religion in his daily life.

He had many books, was an intensive reader, and in his declining years, the daily arrival of the mail man was eagerly looked forward to.

He was a handy man with tools and never happier than when running an engine.

Three years ago this Feb. he had a slight attack of la grippe which impaired his health to such an extent that he never regained his former strength. He never complained. He was a great lover of nature and during the past three years he spent hour after hour in the woods around his home, which he loved so well in silent communion with nature.

Father's familiar place in the home was before the old fireplace which he loved so well. Although it kept him constantly busy cutting wood, he would never have it replaced with a stove because he loved the open fire so well.

He often spoke of his mother who preceded him in death only 12 years.

His last sickness lasted two weeks and two days. What at first was considered a stroke was later conceded to be uremic poison. He bore his suffering patiently, never complained, was always willing to do everything we thought best for him.

His brother Charley spent the last week with him. He recognized him but was unable to say many words.

All was done that loving hands could do, but all in vain, the Master called and our father answered.

He leaves to mourn his loss, his wife, five daughters, four grandchildren, Bonnie Ruth Shinn, Dora Fern Cox, Warren Cox and Junior Gard-

ner. Five brothers, Charley, Andy and Walter of Iowa, Kansas, Levi of Clinton and J. B. of Bedford.

His simple and trusting faith is somewhat expressed by this little poem:

"Not a sparrow falleth but its God doth know,
Just as when His mandate lays a monarch low,
Not a leaflet moveth, but its God doth see—
Think not, then, Oh mortal, God forgetteth thee.
Far more precious surely, than the birds that fly
Is a Father's image to a Father's eye!
E'en thy hairs are numbered, trust Him full and free.
Cast thy cares before Him, He will comfort thee;
For the God that planted in the breast a soul,
On His sacred tablets doth that name enroll,
Cheer thine heart, then mortal, never faithless be,
He that marks the sparrow will remember thee."

OBITUARY

Meda Stoner Lynch, daughter of Mary and William Payne Stoner, was born November 13, 1878, in the home still occupied by her mother and ascended to her heavenly abode, in Denver, Colo., May 3, 1929, at the age of 50 years and 20 days.

She was reared in the atmosphere of a Christian home, by the guidance of a good mother of the old school and according to the dictates of the olden rule, which molded her into a woman of sterling character and whose years were not treasures stored away and whose life could not be measured by loss or gain but was her own best commentary.

She received her primary education at the old Black school, finishing the public school in Greencastle at the First Ward and graduated from the Greencastle High School in what is now known as the Martha Ridpath Building, with the class of 1896, and was a good student, exemplary classmate and a loyal friend all through the years.

She was married to James F. Lynch of Danville, Indiana, July 2, 1899 and left immediately for her new home in Breathett Co., Kentucky where her husband was engaged in the Lumber Business and at which place her only child, a son, James F. Lynch Jr., was born.

The family later removed to Danville, Ind., where they resided for a period of ten years, after which in the year of 1916, they made for themselves a new home in the west, locating for a few years in Greeley, Colo., and finally settling in Laramie, Wyoming at which place her fatal illness began.

She united with the Methodist Church at Pleasant Hill at the age of 17 years under the leadership of Rev. Pack and Phillips and later renewed her faith, by officiating with the Christian Church of Danville, Indiana, holding her membership there until the time of her death.

She held fast to her faith all through the valleys and shadows of life and kept her eyes fixed on the hills from whence came her strength to meet the adversities of life with a fortitude and devotion that belongs to none other than a child of God.

She was preceded in death by her good father, Nov. 28, 1919. She was the idol of his heart, and so great was his devotion and love for her that we repeat with the Poet: "Her life of his life, was such a part, that it seemed to be the fibre and core of his heart."

She was of a jovial disposition, with an optimistic frame of mind and coupled with a sense of wit and humor, made her a desirable friend and companion.

She was a loyal and dutiful daughter, devoted companion, and a kind and loving mother, and in spite of the burdens that fill up the life and in spite of the cares and the trials, she applied all her powers to a life of service, and by an unflinching trust approached her death. "Like one who wraps the drapings of his couch about him, and lies down to pleasant dreams."

She leaves to tarry a little longer her bereaved mother, her companion and one son, Jack, of Laramie, Wyo., one grand son, James Leroy, and three brothers, Ernest, Omer, and Andrew, all of Greencastle, together with a large relationship and a large circle of friends.

Realistic Turf Scenes
In **"Silks and Saddles"**

"Silks and Saddles," the Universal picture starring Marian Nixon, which comes to the Voncastle theatre Tuesday, is a story of horse racing at its most thrilling pitch.

When watching some of the exciting scenes in "Silks and Saddles," one can easily understand why horse racing has been named "the sport of kings." The thrill and pleasure derived from watching a group of speeding horses straining for the best position at the turn or using every ounce of strength to pull up on the leader just before the finish cannot be surpassed by any other diversion.

Marian Nixon and Richard Walling carry the love interest. "Silks and Saddles" is the story of a young jockey who is induced to "throw" an important race he is expected to win, through the influence of a beautiful adventuress. He is found out and disgraced, but thru the unflinching efforts of his former sweetheart, whom he has deserted, he is given another chance. He makes good by winning a big race and is restored to the favor of the racing public and his first sweetheart.

Mary Nolan enacts the role of the glittering accomplice and Otis Harlan scores in a comedy role.
